*BOLDplanning makes
COOP/COG planning easier
and more effective.*

CONTINUITY OF OPERATIONS (COOP) AND CONTINUITY OF GOVERNMENT (COG) PLANNING

Federal, state and local governments all have a duty to ensure their essential functions continue during critical events.

However, the process of developing, maintaining and testing Continuity of Operations (COOP) plans can be daunting and time consuming.

With its expert consulting, world-class online software platform and superior training, BOLDplanning can make preparedness planning easier and more effective.

Expert Consulting

The BOLDplanning approach is built around the DHS/FEMA planning elements required for federal, state, regional, local and tribal organizations (as well as private sector best practices). We monitor all current planning guidance, including major national initiatives and updates.

In addition to understanding preparedness planning requirements, our experienced consultants are skilled facilitators and communicators. These facilitation skills, alongside a proven BOLDplanning methodology, generate greater participation and interaction across the organization and across key stakeholders.

PEOPLE ARE TALKING

“Maricopa County and our jurisdictional partners’ commitment and capability to ensure effective Continuity of Operations to deliver essential services during potential periods of disruption is not possible without BOLDplanning.”

Through their planning expertise and training, our Maricopa Region has developed over two hundred departmental level Continuity of Operations (COOP) and Emergency Operations Plans (EOP) resulting in exceptional readiness to a region of nearly four million residents.”

World-class Online Platform

BOLDplanning's leading-edge, online planning platform is designed to help organizations of all sizes and levels create practical and compliant plans. As a cloud-based solution, the plan is accessible from virtually anywhere at any time. Plus, it's easy to use, yet flexible enough to meet unique requirements.

Superior Training & Exercising

BOLDplanning training and exercise packages range from minimal workshops to complete project management for multi-year projects. The BOLDplanning training approach conforms to all DHS/FEMA guidance, including the Homeland Security Exercise and Evaluation Program (HSEEP)—a proven framework for exercise design, conduct, evaluation and improvement.

Government organizations across the country turn to BOLDplanning to assist with continuity plans. Additionally, we help agencies with other related planning initiatives, such as Emergency Operations Plans (EOP) and Hazard Mitigation Plans (HMP).

From small, rural jurisdictions to large state agencies, BOLDplanning can help facilitate a streamlined and standardized preparedness approach throughout your entire organization.

About BOLDplanning Inc.

BOLDplanning Inc. is the preeminent developer of online solutions for Emergency Operations Planning (EOP), Continuity of Operations Planning (COOP), Business Continuity Planning (BCP) and Hazard Mitigation.

Our comprehensive online platform walks planners through each step of the continuity and emergency planning process, becoming the central resource for an organization's plan development, training and ongoing maintenance. Our consulting team is unrivaled in its knowledge and experience, and includes internationally certified CBCPs, CHPCPs, FEMA certified continuity professionals (PCP/MCP) and IAEM Certified Emergency Managers (CEM).

The BOLDplanning approach provides an unparalleled platform for both the public and private sector, making the critical process of contingency planning easy and efficient. Currently, BOLDplanning is the solution of choice for more than 10,000 organizational plans.

NOW YOU'RE READY.

Be prepared. Be **BOLD**.
